

PARENTS SEND LOVE...

Competence, compassion, and connection are the words that come to mind when I think about Lorie and her work.

—Mother of 8th grade student

Lorie is patient, kind, and effective, and I would recommend her service to any child or adult who wants to go from being strong to being exceptional.

—Parent of 8th and 10th grade students

You have great ideas and a clear plan. Thank you so much for working with my son!

—Mother of 9th grade independent school student

Lorie embodies a unique blend of insight, compassion, and smarts that is simply invaluable.

—Homeschool mother

Lorie's passion for helping students thrive rather than just survive the educational process and her gentle guidance to parents are amazing.

—Mother of independent school student

It is with deep appreciation that I thank Lorie and her team. Through their ingenious tools and true understanding of my son's needs, not only did he become more confident, enthusiastic, and successful in his studies, I learned how to support and work with him in ways I never imagined. Thank you, BLUBERYL!!

—Mother of 10th grade public school student

Our son loves working with you and we are so blessed to have found you!

—Father of 6th grade parochial school student

The best part of the process is that our daughter feels supported, listened to, and optimistic about her future academic work.

—Mother of 8th grade student

Thanks, Lorie. You are unfailingly positive 😊.

—Mother of two BLUBERYL students

STUDENTS SEND LOVE...

Lorie was the first person to ever tell me it was okay to learn in a different way than my teachers expected. That changed everything.

—11th grade student and classroom assistant

Hi Lorie! I'm finally back home and officially finished with my first semester of college...You have made the end of my semester relaxed, exciting, controlled, and possible...Working with you has reinstated the confidence I needed to succeed with such a demanding workload. ...You have helped me prove to myself that I can meet expectations, and even exceed them...I'm so happy about our journey so far.

—1st year college student

I am wrapping up the end of a really productive day and I just want to say THANK YOU! Already I feel so in control and on top of my work. Instead of asking myself, "How am I going to get all of this done?" and, "Why am I even doing this?" and, "Where do I even begin?" I'm asking myself, "Okay, what am I going to do this hour?" I feel in control.

—1st year student at highly selective college, following first BLUBERYL meeting

Thanks Loriiiiiiiiiie. Lecture today was dramatically different in a good way. Thanks again.

—Graduate student, after first day of enlisting BLUBERYL services

CLINICIANS SEND LOVE...

Hands on, and with a tremendous ability to connect with their clients, Lorie Kram and her team at BLUBERYL truly transform lives. Their impressive strengths-based approach, coupled with their proven tools, allow students and adults to 'unwrap their gifts' and soar well beyond expectations.

My own son is a BLUBERYL client and I encourage our Hallowell Center patients to enlist their life-changing support. Lorie and BLUBERYL are in the important business of unleashing potential, allowing folks to discover their best. They are one organization that just really gets it!

—Dr. Edward Hallowell, Psychiatrist & Leading ADHD Authority

My patients and I are grateful for Lorie's astute assessment of client needs, as well as her ability to match them with the most relevant and effective strategies. Her contributions to my patients' growth have been life-changing for them and greatly appreciated by me.

—H. Bradley, Psychologist

The young people with whom Lorie works feel respected and understood by her, allowing them to be more open, cooperative, and less resistant in accepting their challenges. Because of this, they experience themselves as being competent. For some, this is the first time ever. Lorie truly changes lives and I am so grateful she is a resource to our community.

—C. Jones, Therapist

PROFESSIONALS SEND LOVE...

Lorie and her team are fantastic: seasoned, warm, approachable, brilliant—especially when it comes to kids who need to get organized. I'd DEFINITELY trust them with my own children and have recommended BLUBERYL over and over. In fact, I had a kid come in the other day for an initial consult and his grades were all over the map...no sense of organization. My first thought was, boy, does he need BLUBERYL. What a relief to learn he was already working with them.

—C. McNeal, McNeal College Consulting
