

WORKSHOP SERIES

Working closely with a team of professionals, we have created a successful, highly praised series of in-person and online workshops. Workshops allow participants to acquire new information and share ideas in an interactive, comfortable environment. Through web-based conferencing, these dynamic meetings are available to our clients around the country. Our current workshop schedule may be found on our website under the EVENTS tab.

CUSTOM-DESIGNED WORKSHOPS

BLUBERYL™ also enjoys going to schools and universities! We work with administrators and staff to shape programs for their students, who range from the elementary to graduate level. Perfect for public, private, or charter schools, each presentation is custom designed to meet the needs of each student body and may be recorded for ongoing access. These workshops are delivered either in person or online and offer:

- Interactive content adapted to a group's needs
- Ample time for attendee questions and answers

All workshops offer the opportunity to purchase our precisely designed products at a significant discount for students and families in attendance. School bulk product purchase options are also available.

I'M INTERESTED!
